

# Oakmont Baptist Church Working with Minors Receipt of Information

## Explanation

Oakmont Baptist Church must always be the safest place possible for minors to grow in their faith and for those adults who provide care, teaching, and guidance to them. In order for our church family to achieve that objective and to protect the total church community, a *Working with Minors Policy* has been established and adopted by Oakmont. One stipulation is that workers will receive copies of the *Working with Minors Policy*, the *Working with Minors Procedures*, and acknowledge their receipt of these documents and willingness to follow their guidelines.
